

About University

Spread in around 300 Acres, established in the year 1964 as per University Act. 1963 (No. 13 of 1963) with primary aim of meeting the educational needs of Higher Education in the Chhattisgarh region comprising of Raipur, Durg, Rajnandgaon, Bastar, Mahasamund and Dhamtari districts. At present there are 28 teaching departments extending higher education from postgraduate onwards to M.Phil, Doctoral & Post Doctoral degree in almost all disciplines.

About Institute

The University Institute of Pharmacy, is a DST-FIST & AICTE MODROB sponsored teaching departments of Pt. Ravishankar Shukla University, Raipur, established in the year 2001. The Institute offers B.Pharm, M.Pharm and Ph. D. Courses with commitment to achieve high standards in pharmaceutical research and development. Institute is well equipped with sophisticated instruments like UV, IR, HPLC, GC, HPTLC Lyophilizer, Cutometer, Spectrofluorometer etc. The department attempts to develop professional skills and aptitude by maintaining higher educational standards through implementation of advanced technology and expertise. In this context, the institute time to time organizes the guest lectures, seminars, and conferences.

About Seminar

This seminar aims to provide the academicians, researchers and industry representatives a forum to share and exchange their research and practical experiences in developments and technological advances in pharmaceutical research. It is intended to provide proper direction and foci to future research for the benefit of mankind.

The multifarious presentation would definitely increase the knowledge and competence of participants towards advances in pharmaceutical research. The entire scientific programme includes various lectures from eminent persons of the academia and industry as well as number of research work presentations. From laboratory scientist we hope lot of new ideas will emerge out which would give new dimensions to current pharmaceutical research.

Invited Speakers & Theme

Eminent Professors/Scientists from different Universities and Industries will deliver their talk in the scientific sessions.

- ◆ Newer approaches and development in the field of pharmaceuticals.
- ◆ Standards, guidelines and codes of ethical practice for traditional formulations.
- ◆ Novel approaches towards herbal formulation.
- ◆ Colloidal drug delivery systems a new hope.
- ◆ Newer approach for delivery of biotechnological product.

Call for Research Paper

Original research work related to the theme will be considered for the Oral and poster session.

Organize your abstract as:

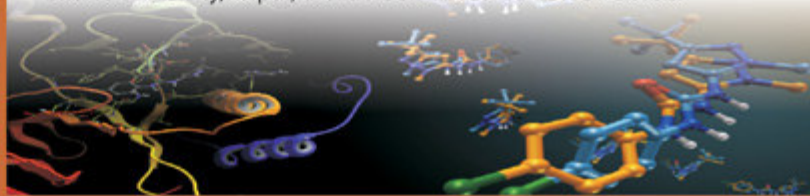

- ◆ Title
- ◆ Author(s)
- ◆ Affiliation(s)
- ◆ Abstract: (Max. 250 words), Times New Roman, Size 12, 1.5 Line Space in MS Word format.
- ◆ Preference for presentation: Oral Poster

Abstract Submission Deadline : 26 January, 2011

Submit your abstracts in the prescribed format by e-mail at deependraiop@gmail.com, article@iopraipur.ac.in
